Background – Development of the Curriculum

- ◆ Agreement that the curriculum should develop:
 - ◆ Understanding of green economy and green entrepreneurship, to assist the learner in reflecting on the context to their business idea
 - ◆ The skills, behaviours and competencies related to starting a new venture and managing its early stages of development

- ◆ Value proposition of the curriculum
- ◆ *To provide access to learning which will assist you in managing the journey from idea to action in starting and developing your own green business (or a business in the green economy)*

TRAINING

Background – Development of the Curriculum

- ◆ Two key target audiences:
 - ◆ Individuals looking to start a new green business
 - ◆ Existing green entrepreneurs with limited experience of managing a business

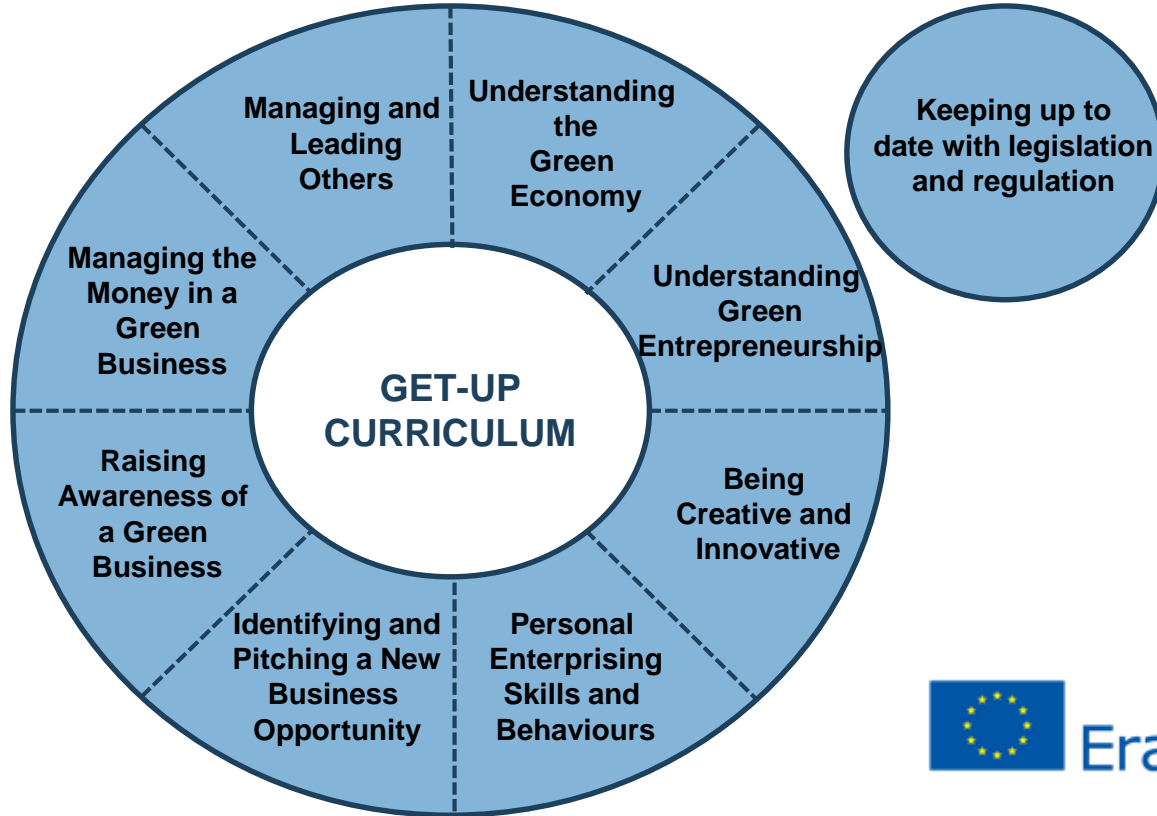

- ◆ Proposed level of the curriculum – Level 4 on the European Qualification Framework

Structure of the Curriculum

Erasmus+

GREEN
ENTREPRENEURSHIP
TRAINING

Structure of the Curriculum

- ◆ 8 modules or units

- ◆ Each module will consist of:
 - ◆ A 5 to 10 minute video
 - ◆ A lesson plan for a masterclass/workshop
 - ◆ A set of PowerPoint slides

- ◆ The content of the video and workshop will support each other but also work on a stand-alone basis

Structure of the Curriculum

- ◆ In addition, there will be a template for a factsheet related to ***keeping up to date with legislation and regulation*** in starting and managing a green business
- ◆ This template will enable each partner to develop a resource which can add value to the curriculum

Development of the Curriculum

- ◆ Meeting in Dublin in April 2017 to scope out the units and indicative content
- ◆ Based on the outcomes of this meeting, SFEDI developed outline notes to assist partners in the development of the materials (e.g. outline note on writing of the video script)
- ◆ To date, draft materials have been developed for all eight modules or units by FIPL, FUERM, Meath Partnership and SFEDI

Development of the Curriculum

- ◆ Examples of the draft materials have been uploaded to Dropbox (see <https://www.dropbox.com/sh/ag3xq96e4tu03qs/AACXE61pj28n1A3eibqCkNiha?dl=0>)
- ◆ SFEDI have provided advice and guidance to FIPL, FUERM and Meath Partnership on the development of the curriculum materials, particularly the video scripts and lesson plans – this will assist in the editing of the draft materials

Development of the Curriculum

- ◆ The overall template for the legislation and regulation factsheet has been developed, along with a factsheet on legislation and regulation relating to the renewables energies in the EU
- ◆ This will be complemented by factsheets for other sectors in the green economy (e.g. waste management)
- ◆ This work has been led by Pantelitsa Sfiniadaki – introduced to the team by Alexander

Development of the Curriculum – Key Issues

- ◆ Key issues to emerge in the development of the curriculum include:
- ◆ Ensuring a degree of similarity in the format, style and type of content given the range of topics (e.g. managing money vs. raising awareness)
- ◆ Flexibility in the delivery of the content – e.g. masterclasses vs. longer workshops
- ◆ Extent/nature of engagement with academic/theoretical materials
- ◆ Extent/nature of engagement with practices/examples out with

Next Steps

- ◆ In terms of next steps between October-December 2017:
 - ◆ Comments on draft materials by partners - **All**
 - ◆ Review and edit of draft materials – **SFEDI**
 - ◆ Production of videos – **FIPL**
 - ◆ Upload of materials to the GET-UP website – **SFEDI and Innoventum**
 - ◆ Reflection on the implications for the CPD training modules – **SFEDI and University of Paderborn**
 - ◆ Development of guidance note on assessment – **SFEDI**
