

MATH

Mountains of Absolutely Terrifying Height (2017-1-DE03-KA201-035644)

Some impressions of the illustrations and graphic design of the MATH-
Handbook

Introduction

The consortium decided to design the handbook with professional layout for the book-cover and the pages of the book:

Also the pages of the book were

herefore with illustrations to make it attractive and easy to read. Making it look good is important for encouraging teachers to read it and learn about the potential of the game-based approach.
