Project activity*																																				
O1	**research on sound in learning**																																			
O1/A1	*research on using audio and sounds in films and other media*																																			
O1/A2			*criteria for adequate sound and emotion stimulation*																																	
O1/A3					*situation analysis concerning adequate sounds*																																	
O1/A4								*audio development*																												
O1/A5												*European survey*																								
O1/A6																			*European report*																	
O1/A7															*Publications*																					
O2					**Open materials on sound use in education**																																	
O2/A1					*general learning concept*																																	
O2/A2										*learning concept for visual impared*																											
O2/A3										*audio development*																										
O2/A4										*online support tools*																										
O2/A5											*e-learning development*																									
O2/A6											*Translations*																									
O2/A7												*national implementations*																								
O2/A8														*evaluation of implementations*																						
O2/A9																			*transfer activities*																	
O2/A10																			*handbook for educators*																	
O2/A11															*policy paper on support of visual actions by sounds*																					
O3										**training course for sound use in learning contexts**																										
O3/A1										*design of training courseware and didactical materials*																										
O3/A2											translations																									
O3/A3 / C1 / C2												training implementation																								
O3/A4													training evaluation																							
O4								**SEEL-Learning Solution Network**																															
O4/A1								*platform design*																												
O4/A2								*network-development*																												
O4/A3													translations																							
O4/A4															*usability test*																						
O4/A5																		*Redesign*																		
O4/A6																				*marketing activities*
