# Current status of IO's

- IO1:
  - All the tasks planned were accomplished.
  - Many problems to get interviewees with regard to the field-based research
  - Most of the interviewees weren't familiar with most of the tools used in digitisation mentioned in the questionnaire
  - Some companies didn't participate since they thought its profile didn't match the questionnaire
  - Pending issue: translation of the final report
- IO2:
  - LOM's matrixes done
  - Pending issues: make a comparison with spanish curricula + allocating EDU-VET curriculum (module) to CIFP + carrying out the EDU-VET module + creating online tasks

# Current status of IO's

  - Definition of the schedule for the coming months: done
  - Searching for best-practices companies: in process
    - 1st best-practice company agreed (but COVID-19 circumstances don't help us to do the face-to-face interview)
  - Pending issues: finishing 1st interview + testing EDU-VET Online Observatory + contacting more companies

# Dissemination

-5-

- Only online activities due to COVID-19 (Intermittent confinements in A Coruña)
- First contacts with metal companies on occasion of the field-based research
