IO6 – Policy paper

-1-

Presented by Lee Ellis

IO6

Deadline for the policy paper has been extended in line with the project extension overall – COVID-19

New deadline for the completion of the policy paper is now 31/12/2021

106

- *The policy paper will consider why a change of policy approach might be relevant; the policy options available and the pros and cons of each option. Finally, the policy paper will recommend a course of action based on the experiences and lessons learned in the course of the EDU-VET project.*

106

- **The proposed policy paper will consider 5 key issues:**
- The importance of the use of new media approaches and eLEarning activities in the field of VET for the metal if education provision is to achieve the penetration levels necessary to achieve the EU 2020 goals

106

-5-

- the need to focus on new emerging opportunities of learning with innovative approaches
- The need of a solid and attuned common curricular approach
- The importance of future accreditation, certification and the fit to EC-VET standards
- the importance of bringing the worlds of VET and work closer together by designing curriculum resources that are relevant to the market place

Co-funded by the
Erasmus+ Programme
of the European Union

IO6

- We are to lead on this IO and will begin by developing a questionnaire
- This questionnaire will be completed by all partners with appropriate stakeholders.
- The policy paper will be drafted based on the responses to the questionnaire

106

-7-

- The policy paper will also be informed by a series of discussions and Skype interviews with project partners and stakeholders over the lifetime of the project.
- The policy paper will need to be translated by all partners. IK will design and layout the document
- It will be printed in all partner languages and also available for download from the project website and on the projects social media accounts
